The Macau European Chamber of Commerce (MECC) recently launched its MECC Awards for Euroexcellence in Luxury, Food and Beverage, and Innovation. The winners were announced as 1) MECC Award for Euroexcellence in Luxury: Macau Legend Development Limited in recognition of the Harbourview Hotel; 2) MECC Award for Euroexcellence in Food and Beverage: Vang Kei Hong Trading Company Limited for the wide variety of European produce introduced to the Macau market; and 3) CESL Asia, Investments & Services Limited for the development of innovative European environment management systems for the Macau market. With the MECC Awards for Euroexcellence, the MECC seeks to encourage local organisations both to embrace Macau's long history of Sino-Western commercial and cultural exchange, and to develop new partnerships for the future.
